Ms. Barbara Beaufait  
Director  
Thüringen International School

Dear Ms. Beaufait,

Thank you very much for your warm reception and kindness with courtesy during the stay of our students group at your campus in Weimar City visit.

For our young guys, this occasion of exchange between your students and ours was the most impressive and valuable experience, I believe, of the other programs there.

I heard from them that they had truly wonderful time in the beautiful town Weimar, and that each one thanks for many happy memory, in spite of the short time stay.

I expect they would dedicate to friendly relationship in the international field, putting this experience to practical use as a mental nourishment in near future.

I expect they will spread their wings and grow up in the future, with this precious experience as a mental nourishment.

Thank you again and next time we hope that we could meet with you and your nice students in KAMAKURA, Japan.

Sincerely yours,

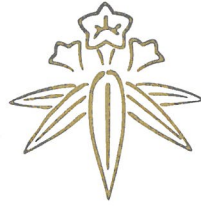

鎌倉市役所
